The screenshot shows a web browser window displaying a news article on the website **economiadehoy.es**. The page header includes the site logo, the date "Miércoles, 4 de Mayo de 2016 11:34:59", and a navigation menu with categories like "Inicio", "Empresas", "Economía", "Tecnología", "Internacional", "Nombramientos", "Formación", "Entrevistas", "Reportajes", "Publicaciones", "Lifestyle", and "Motor". A "Shutterstock® Stock Fotos" banner is visible above the article. The article title is "El ITC estudia el aprovechamiento de residuos de fundición de hierro para incorporarlos a la cerámica". The text describes a meeting in Vigo on April 28, 2016, where ITC researchers met with experts from the CTM Centre, ASCER, EUROATOMIZADO, and the Basque and Navarre ceramic industry. The article highlights the LIFE Foundrytile project, which aims to valorize fine fractions and iron waste for ceramic tile production, potentially absorbing 75% of such waste. A sidebar on the right contains "EVENTOS", a "SUSCRIPCIÓN AL BOLETÍN" button, and a "ULTIMA HORA" section with several news snippets. The Windows taskbar at the bottom shows the system clock as 11:34 on 04/05/2016.
